

WE ARE SERVICE.

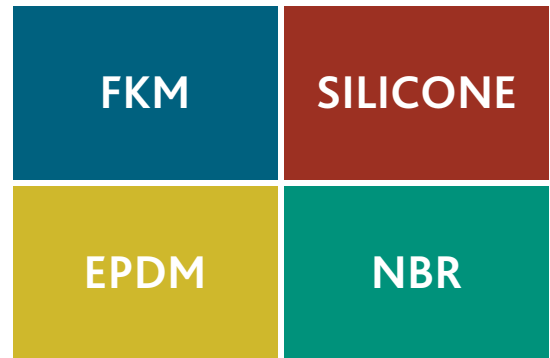

METAL DETECTABLE SANITARY GASKETS

During normal machine operation, shearing and damage can occur to sanitary gaskets on equipment. Adding metallic fillers into rubber elastomer material is a cost effective solution that ensures that sheared and damaged parts are detected quickly by metal detection sensors before reaching consumers to reduce production downtime and prevent product recalls.

DICHTOMATIK has available stock on the shelf of metal detectable sanitary gaskets that are 3A and FDA compliant.

Available Materials:

- Blue FKM / Viton®
- Orange VMQ / Silicone
- Yellow EPDM
- Green NBR / Buna

METAL DETECTABLE SANITARY GASKETS

GREEN NBR SIZE LISTINGS

Type	Size	DICHTOMATIK Part Number
CS1 - Flanged Lip 	1"	CS1-1000N750FGR-MD
