

FREUDENBERG  
SEALING TECHNOLOGIES

**Information Security**  
**Requesting TISAX data**  
Instructions for customers

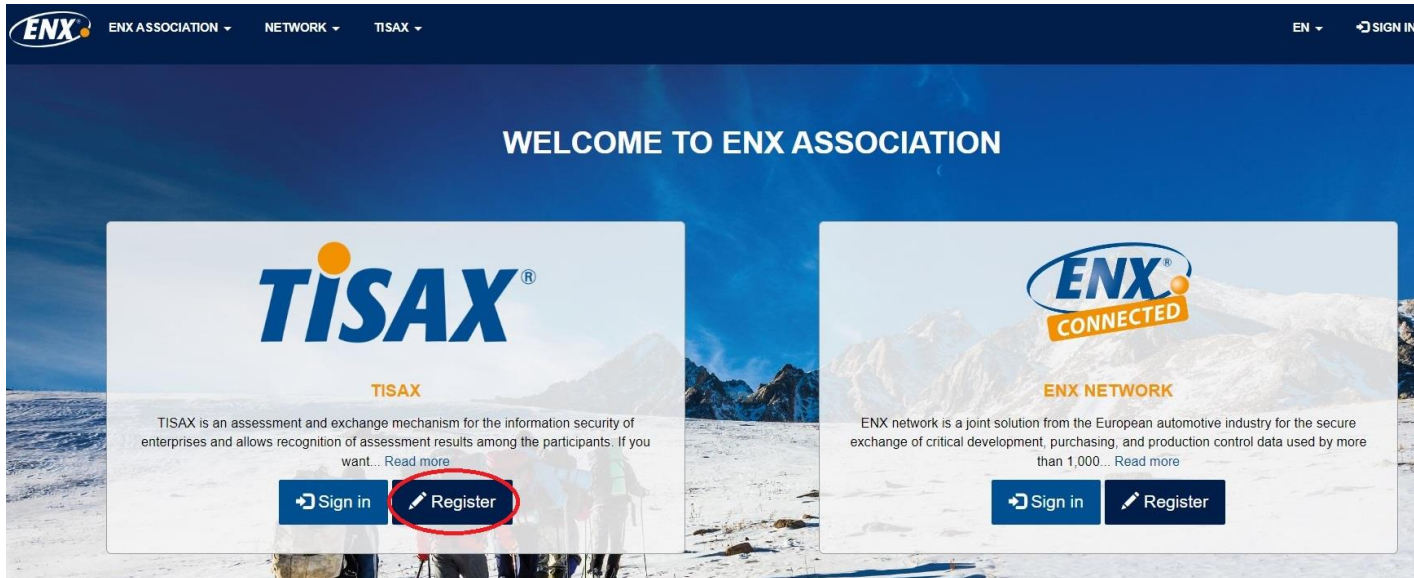

# Prerequisite

- ENX Portal
  - If you do not yet have an account, you must first register (look at steps in 1.1)
  - Otherwise, a login to the ENX portal is required to retrieve the TISAX label (look at step 1.2)
  - <https://portal.enx.com/>

# 1.1 Registration at ENX

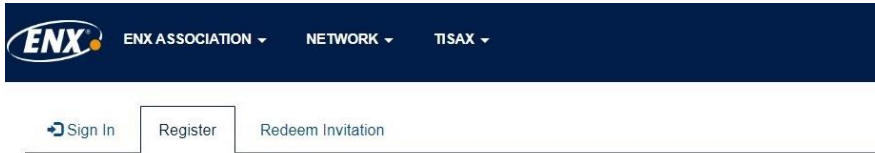

- **Step 1.1.1:** Click on the registration button under the TISAX section

# 1.1 Registration at ENX

- **Step 1.1.2:** Enter your email address and create a secure password

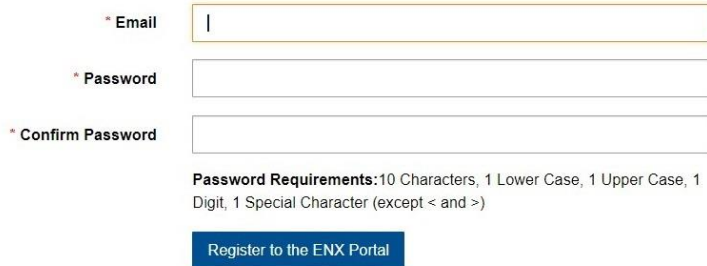

**Attention:** If your company is already registered, please contact the administrator in your company

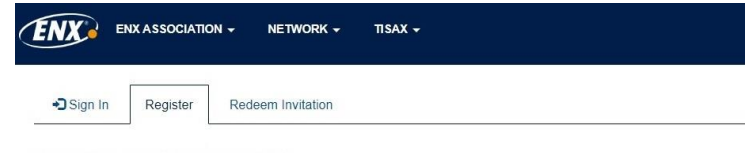

The image shows the top navigation bar of the ENX Association website. It features the ENX logo on the left, followed by three dropdown menus: "ENX ASSOCIATION", "NETWORK", and "TISAX". Below the navigation bar, there are three buttons: "Sign In" (with a right-pointing arrow), "Register", and "Redeem Invitation".

## WELCOME TO THE ENX PORTAL

In order to continue you need to register to the ENX Portal. Please follow the given instructions.

The registration form on the left includes three input fields: "Email" (with a vertical cursor), "Password", and "Confirm Password". Below these fields, the "Password Requirements" are listed: 10 Characters, 1 Lower Case, 1 Upper Case, 1 Digit, 1 Special Character (except < and >). A blue "Register to the ENX Portal" button is positioned at the bottom.

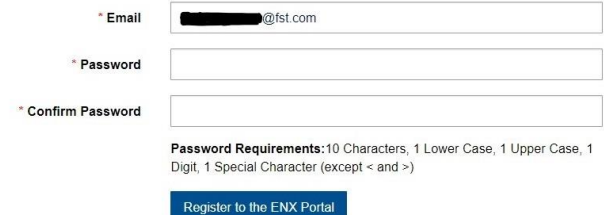

The image shows the top navigation bar of the ENX Association website, identical to the left image. Below the navigation bar, there are three buttons: "Sign In" (with a right-pointing arrow), "Register", and "Redeem Invitation".

## WELCOME TO THE ENX PORTAL

In order to continue you need to register to the ENX Portal. Please follow the given instructions.

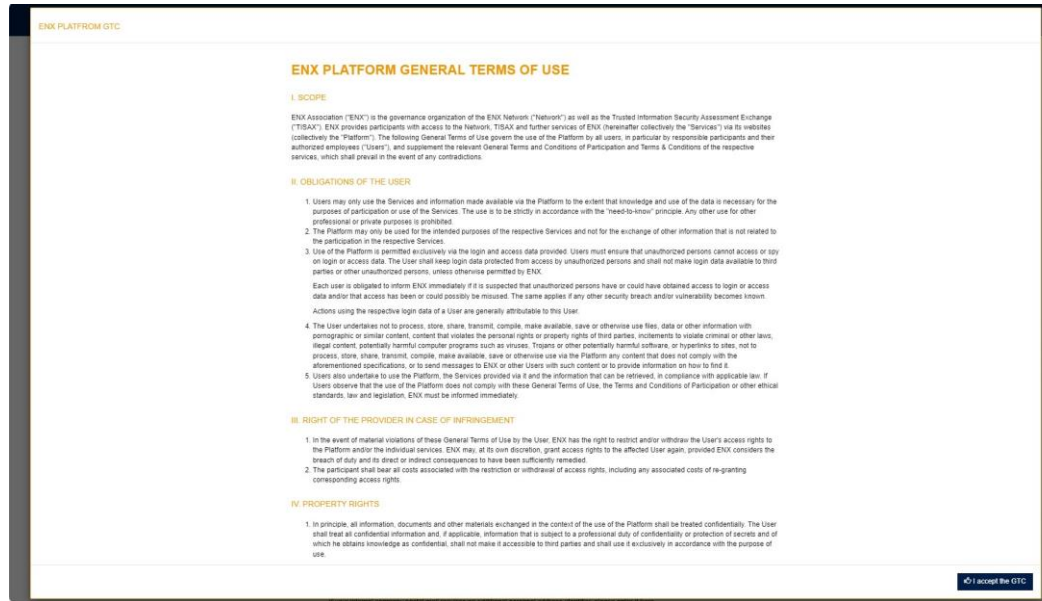

• The domain of your email is already in the system. If you want to join the existing company registered on the ENX Portal, ask your ENX Portal Administrator to invite you. If not, please continue with your registration.

The registration form on the right includes three input fields: "Email" (with a masked address ending in "@fst.com"), "Password", and "Confirm Password". Below these fields, the "Password Requirements" are listed: 10 Characters, 1 Lower Case, 1 Upper Case, 1 Digit, 1 Special Character (except < and >). A blue "Register to the ENX Portal" button is positioned at the bottom.

# 1.1 Registration at ENX

- **Step 1.1.3: Read and accept the Terms of Use**

ENX PLATFORM GTC

## ENX PLATFORM GENERAL TERMS OF USE

### I. SCOPE

ENX Association ("ENX") is the governance organization of the ENX Network ("Network") as well as the Trusted Information Security Assessment Exchange ("TISAX"). ENX provides participants with access to the Network, TISAX and further services of ENX (hereinafter collectively the "Services") via its web portal (collectively the "Platform"). The following General Terms of Use govern the use of the Platform by all users, in particular by responsible participants and their authorized employees ("Users") and supplement the relevant General Terms and Conditions of Participation and Terms & Conditions of the respective services, which shall prevail in the event of any contradictions.

### II. OBLIGATIONS OF THE USER

1. Users may only use the Services and information made available via the Platform to the extent that knowledge and use of the data is necessary for the purposes of participation or use of the Services. The use is to be strictly in accordance with the "need-to-know" principle. Any other use for other professional or private purposes is prohibited.
2. The Platform may only be used for the intended purposes of the respective Services and not for the exchange of other information that is not related to the participation in the respective Services.
3. Use of the Platform is permitted exclusively via the login and access data provided. Users must ensure that unauthorized persons cannot access or spy on login or access data. The User shall keep login data protected from access by unauthorized persons and shall not make login data available to third parties or other unauthorized persons, unless otherwise permitted by ENX.  
Each user is obligated to inform ENX immediately if it is suspected that unauthorized persons have or could have obtained access to login or access data and/or that access has been or could possibly be misused. The same applies if any other security breach and/or vulnerability becomes known.  
Actions using the respective login data of a User are generally attributable to this User.
4. The User undertakes not to process, store, share, transmit, compile, make available, save or otherwise use files, data or other information with pornographic or similar content, content that violates the personal rights or privacy rights of third parties, incitements to violence, criminal or other laws, illegal content, potentially harmful computer programs such as viruses, Trojans or other potentially harmful software, or hyperlinks to sites, not to process, store, share, transmit, compile, make available, save or otherwise use via the Platform any content that does not comply with the aforementioned specifications, or to send messages to ENX or other Users with such content or to provide information on how to find it.
5. Users also undertake to use the Platform, the Services provided via it and the information that can be retrieved, in compliance with applicable law. If Users perceive that the use of the Platform does not comply with these General Terms of Use, the Terms and Conditions of Participation or other ethical standards, law and legislation, ENX must be informed immediately.

### III. RIGHT OF THE PROVIDER IN CASE OF INFRINGEMENT

1. In the event of material violations of these General Terms of Use by the User, ENX has the right to restrict and/or withdraw the User's access rights to the Platform and/or the individual services. ENX may, at its own discretion, grant access rights to the affected User again, provided ENX considers the breach of duty and its direct or indirect consequences to have been sufficiently remedied.
2. The participant shall bear all costs associated with the restriction or withdrawal of access rights, including any associated costs of re-granting corresponding access rights.

### IV. PROPERTY RIGHTS

1. In principle, all information, documents and other materials exchanged in the context of the use of the Platform shall be treated confidentially. The User shall treat all confidential information and, if applicable, information that is subject to a professional duty of confidentiality or protection of secrets and of which he obtains knowledge as confidential, shall not make it accessible to third parties and shall use it exclusively in accordance with the purpose of use.

I accept the GTC

# 1.1 Registration at ENX

- Step 1.1.4: Enter your details

I agree to being contacted in regard to information and offers on further services/products or surveys of ENX Association via telephone by ENX Association or one of its companies commissioned to do so. I can revoke this consent by informing ENX Association, free of charge and at any time for the future. The right of ENX to contact me in the above regard where permitted under applicable laws remains unaffected hereto.
